Dedication

This CD is dedicated to my drum teachers back in Texas who molded me into the drummer/teacher that I am today. First to **Charlie Fox**. Thanks for teaching me the "Traditional Grip" and taking me through all the rudiments and fundamentals. Thanks for the discipline. To **Guy Davis**, who took me through all those method books: I get it now. Many, many thanks. And finally for **John Gates**, who we lost while I was recording this in April 2011. John was the last teacher I had, in high school. John was not only my inspiration, he helped me realize that this is what I wanted to do. John knew when to tell me, "It's time to go play, man." I've been playing ever since. Thank you, gentlemen. I will never forget you.
